:: Vaxxinova Diagnostics business hours

You can contact us from Monday to Friday at our business hours 8.00 till 18.00 o'clock. Additionally, we offer you the possibility to deposit your samples in our sample cooler in the parking courtyard of the Biocity Leipzig. We look forward to describe the way to the cooler to you via phone or email. Please be aware, that the sample package shouldn't be larger than $35 \times 20 \times 20$ cm.

Vaxxinova Diagnostics offers you a large diagnostic portfolio since 2012. Our laboratory is accredited according to DIN EN ISO/IEC 17025. Examinations that do not fall under the specifications of the national accreditation authority are accordingly labelled. We can provide the list of accredited examinations to you in advance.

:: Sample transport / Courier services

When you submit samples to us, they will be received by our friendly office staff who will also be your point of contact for any queries. Submission forms can be downloaded from our website www.vaxxinova-diagnostics.de. On our website, you find our current offer of all examinations in the navigation area "diagnostic services".

Please send your samples to:

Vaxxinova Diagnostics GmbH · Deutscher Platz 5e · 04103 Leipzig · Germany

If you have any questions, please contact us at T+49 (0) 341 463 79 8 50.

Please find below an exemplary list of couriers that deliver diagnostic samples to

Vaxxinova Diagnostics: UPS, DHL, FedEx, TNT.

When sending by courier it should be explained that the sample is for routine diagnostic testing and is non-hazardous. Please check your national regulations for the labeling of packages.

Guidelines for packaging your samples:

- Ensure the sample is sealed securely and wrapped in cotton wool or paper towel.
- Enclose the sample in a small rigid container that prevents leakage.
- Ensure all the details are filled out on the submission form (who gets reports, invoice; examinations).
- · Put the box, submission form and payment information inside a padded envelope.

::Serology (antibodies)

Chicken anemia virus (CAV)	
Infectious bursitis virus (Gumboro,	IBD)
Infectious bronchitis virus (IBV)	
Mycoplasma gallisepticum (MG) RSA	
Mycoplasma gallisepticum (MG) ELISA	
Mycoplasma synoviae (MS)	
Mycoplasma synoviae (MS)	
Newcastle disease virus	
Ornithobacterium rhinotracheale (O	PRT)
Reovirus	
Turkey rhinotracheitis virus (TRT)	

:: PCR (detection of nucleic acid)

Adenovirus
Bordetella bronchiseptica
Chlamydia spp.
Chlamydia psittaci
Erysipelothrix rhusiopathiae (erysipelas) Incl. differentiation (E. rhusiopathiae, E. tonsillarum, E. sp. strain 2)
Infectious bronchitis virus (IBV)
Infectious bursitis virus (Gumboro, IBD)
Influenza A virus
Influenza A virus subtyping H3, H5, H7, H9; N1, N2; price for each type
Mycoplasma gallisepticum (MG)
Mycoplasma synoviae (MS)
Newcastle disease virus
Pasteurella multocida
Pigeon circovirus (PiCV)
Pigeon herpesvirus (PiHV)
Reovirus
Salmonella enterica All serovars
Turkey rhinotracheitis virus (TRT)

∷Bacteriology

Basic methods
Bacteriological examination
Material-dependant cultures
Identification
Antimicrobial susceptibility testing (AST) Broth microdilution (MIC), aerobic bacteria
Antimicrobial susceptibility testing (AST) Broth microdilution (MIC), anaerobic bacteria
Identification of submitted isolates
Subculture for typing
Methods of specific pathogens
Culture for Brachyspira spp.
Identification of Brachyspira spp. (PCR)
Culture for Mycoplasma spp.
Identification of Mycoplasma spp. (PCR)
Culture for Salmonella spp.
::Virology
Virus culture
Embryo culture
Virus culture
Virus typing/sequencing

∷Pathogen typing

Clostridium perfringens typing – PCR
NetB-toxin
tpeL
E. coli virulence marker - PCR astA, iss, irp2, papc, iucd, tsh, vat, cva
E. coli serotypes - PCR
Ornithobacterium rhinotracheale (ORT) typing
Riemerella anatipestifer typing
Salmonella sp. serovar typing Agglutination / Kauffmann-White classification
Staphylococcus aureus typing - PCR MRSA (mecA)
∷Parasitology
Endoparasites
∷Pathology
Histology
Disposal of carcasses

:: General Information

If there are additional parameters that you need examined, please contact us and we will try to help you.

::Invoicing

The invoice will be sent to the veterinarian after the report has been issued. The examinations will be invoiced monthly or at fortnightly intervals.

Our general terms and conditions apply to the provision of all our services. Please find them at www.vaxxinova-diagnostics.de, as well as our data privacy statement.

Valid from January 1, 2020.
